The name SNYDER is a name which has been Americanized. It comes from the German name, Schneider, which has nearly the same pronunciation. Many people hold this name in its original form. Schneider is a German word for "tailor". Last names, or family names, began being used in Europe at the time of the Crusades, and by the end of the 1500's most Europeans had one. These surnames were originally by-names or nicknames which described one person but later became inherited from father to son. Family names had four basic origins. Some were derived from the location or town where the family lived, such as Overhill (over the hill-English) or Van Antwerp (from the city of Antwerp-Dutch). Others were derived from the trade or occupation the first members of the family were engaged in, such as Smith, Cooper (barrel-maker), or in this case Snyder. Still others were built from the father's first name, for example, John's son became Johnson. Finally nicknames based on physical characteristics were the source of last names such as Small, Red (hair) & LaGrand (large-French). For others who are interested in finding out the origins of their own last names, ask your librarian for the "New Dict. of American Family Names" by Elsdon C. Smith.

The situation of the early German immigrants to America in the 1700's certainly did not lend itself to careful record-keeping. They arrived in such swarms that they scared the wits out of the Scotch-Irish who were the original Pennsylvania settlers. Most of them were very poor, although not necessarily so. In most cases they seem to have swarmed out of Phila., Pa. into the "wild lands" beyond & some were massacred by the Indians & some just did not consider themselves important enough to leave behind any record of their existence.

This collection of data has been collected from the most authentic sources that could be found but the neglect in preserving the family records of early times has left some obscurity & uncertainty with regards to some of the early pioneers. Because of the multitudes of descendants of these immigrants, it was an enormous task trying to keep perfect records of correct names, dates & marriages. All of the information contained here in was gleaned by bits & pieces through many years of research, not only by this author but by others who have so generously contributed their findings to this author so that they could be included in this book. Because of the way the data was received by the author, it was impossible to list each member of each family in chronological order of birth & I ask your indulgence & forgiveness for any errors, incorrect English or punctuation that is herein contained that is sometimes due to the inability to correctly read handwriting from some of the thousands of descendants that cooperated by sending me their family records. While some descendants never answered my inquiries, they were far out-numbered by those who did. If someone wishes to keep me up-to-date on their family records or want corrections made on my original manuscript, I would be pleased if they would continue sending me any information they may wish to contribute. If anyone should write to me & their letter is returned to them, please write to me - % Mulder, Lutz & Inghram Accounting Service, 955 Leonard St. N.W., Grand Rapids, Mich. 49504.

The author plans on placing copies of this book in the following state libraries: Lansing, Mich. - Harrisburg, Pa. - Richmond, Va. - Charleston, W. Va. - also the D.A.R. Library, Wash., D.C. & The Gen. Soc. of the Chr. of Jesus Christ in Salt Lake City, Utah. All of my original records & manuscript will be given to the State Library in Lansing, Michigan, upon my death., or should one of sons become interested in taking up where I have left off, these things shall be passed on to them for safekeeping.

Imperfect as it is, I now leave this history of this family to the descendants in the hope that some others of this family will continue this work where I have left off & will make such corrections &/or additions as will render it more worthy of preservations through the coming generations.

HOW TO FIND YOUR FAMILY RECORDS IN THIS BOOK: It was a common practice of the Germans to use the middle name in daily life rather than the first name, thus causing much confusion to those who later try to trace & identify each individual. The middle names were in some instances even used in legal documents making it all the more difficult to positively identify one from the other. Example - a child would be named JOHN ADAM SCHNEIDER - then the family will proceed to call him Adam - in this instance I have put their names as follows: (John) Adam Schneider - meaning they were known by their middle name, I have also cross-filed under both names in the index.

INDEX - is divided into two parts - one for those by the name of Schneider/Snyder/Snider & one for all other family names. All blood descendants are (or should be) indexed, however, their spouses are not indexed. The Snyders are indexed as follows - John Adam(Brown) - Brown being the last name of their spouse which is shown in brackets.

## THE OLD WORLD

Most of the immigrants in this book were of German origin, the religion of Germany in the 1600's was predominantly Roman Catholic until the Reformation. The religious revolution of the 16th Century, known as the Reformation represents the greatest event in the history of civilization, since Paganism gave place to Christianity as the faith of leading nations of the world. The central fact of the Reformation was the detachment from papal Christianity of the nations distinguished by the general name of Protestant.

By his doctrine of Justification by Faith, Martin Luther threw each individual on his own responsibility for the reason & life which was entrusted to him. By this new principle, Luther made the Pope no longer an indispensable factor in individual or corporate life & thus initiated a new phase in the development of society.

As was to be expected all of Germany was in a ferment, the agitation was not confined to those states which accepted the Reformation, but to Catholic state also. The Catholic princes resolved to crush the Reformation, first, in their own dominions & afterwards in other states of Germany. Hence, a bloody persecution of the Protestants took place.

When life in their homeland became intolerable, the Province of William Penn in the New World offered an attractive asylum. William Penn received from King Charles II a grant of territory, after receiving his charter, signed by the King on 3/4/1681, Penn drafted in April, 1682, Pa. first constitution. Pa. was nicknamed the Keystone State because of its central location among the original 13 colonies. Wm. Penn, the founder, had considered calling the colony "Sylvania" or "Woodland", however, Charles II of England who had granted the land to Penn, insisted on including the name "Penn" in honor of the founder's father who was an Admiral in the English Navy. Penn made three visits to the Palatinate, preaching in German the tenets of the recently founded sect of the Quakers & invited the oppressed to help found a land of liberty.

There were two important causes for immigration, the first was religion, this is seen from the character of the people who through all the tribulations of the various congregations held firm & would not change in spite of violence. Principally, on account of their unswerving fidelity to the Protestant faith, thousands of the Palatinates abandoned their homes in the Rhine country & fled to Holland & Switzerland, thence to America. The second cause of the colonial immigration was the social & political conditions of Germany. Foust sums up the principal causes: religious persecution, tyranny of the aristocrats, destructive wars, failure of crops, famine & economic bankruptcy.

## THE NEW WORLD

Traveling in those times, whether on land or by sea, was no easy matter and not one to be lightly undertaken. The immigrants transported themselves, their families & their goods by wagon to the nearest river, which in most cases was the Rhine, on which they were transported to the nearest seaport. Most of the vessels that came to Pa., started from Rotterdam, Ho land, where the immigrants were embarked for a long & dangerous voyage to the New World. The entire journey being one continual series of discomforts, suffering, disease & death. Pa. began to register ship arrivals & passengers cal727. Passengers were crowded into frail wooden ships in the most inhumane manner. Innumerable difficulties & dangers, not only of a long & army voyage, but attacks of sea pirates, miserable and scant provisions, loathsome diseases such as smallpox, which produced unspeakable distress, were some of the hardships these adventurous travelers were forced to endure. The trip required from a few weeks to many months, depending mostly upon the weather conditions. Ship owners & others who aided in their transportation frequently robbed the passengers & sometimes their baggage was not sent at all.

## THE REVOLUTIONARY WAR

England, at first, became anxious to increase the number of people in her American Colonies, she encouraged the immigration of Germans, retaining at home her own subjects, by which she was the gainer, without any diminution of her inhabitants. The great influx of these immigrants began about 1707, so vast became their numbers in Pa. as to excite public attention as early as 1717. The German population not only of Pa., but of colonies in general, grew in such proportion as to make it possible to speak of a German belt extending from central New England through the Saratoga country of N.Y., southward along the Hudson covering portions of N. J. & Pa., SE of the Blue Ridge, thence extending over the southern boundary throughout all Maryland west of the Chesapeake & then southward, through this, this sturdy race had obtained the very best land available for agricultural pursuits. When hostilities between England & the colonies arose they were well entrenched in these desirable regions.

By the Treaty of Peace in 1763, England came into possession of all the country from the Hudson Bay to the Gulf of Mexico & from the Atlantic to the Mississippi, with the exception of New Orleans, which France had ceded to Spain along with the regions west of the Mississippi.

England looked upon their colonies as being for the benefit of the mother country. She managed them in matters of trade to her own advantages. This was done in two ways: first, by not allowing the colonies to trade with foreign nations, except under laws made by the mother country; second, by permitting the colonies to manufacture only those articles which were not made in England. The Navigation Act forced the colonists to send their chief products to England before they could sell to other countrys. They prohibited the transportation of wool or woollen goods from one colony to another. In 1732, they prohibited the manufacture of hats, declaring that was an "ill practice". The Sugar Act of 1733 & other similar laws, such as prohibiting the operation of iron works, etc. were passed. These were the things that drove America to revolt.

The overbearing conduct of Royal Officers in America was checked only by the fact that their salaries were paid by the Colonial Assemblies. In 1770, trouble occurred in Boston & several citizens were shot by the soldiers. This was called the "Boston Massacre".

Early in 1776, Richard Henry Lee of Va., obeying the voice of his colony, introduced in Congress his famous resolution "that these United Colonies should be free & independent states". A committee consisting of Thomas Jefferson, John Adams, Benjamin Franklin, Roger Sherman & Robert R. Livingston were appointed to draw up a Declaration of Independence.

On 7/4/1776, the "Liberty Bell" rang out the decision of Congress to the people of Philadelphia. The struggle for the rights of Englishmen had given way to the rights of men. The people had resolved to become American citizens instead of British subjects.

Preparation for armed resistance to the growing oppression of the home government began in Pa. as early as 1774. The German & Swiss settlers although naturally conservative, entered into the revolution with the same fervor with which they resisted intolerance in their ancestral homes in Europe. No braver body of men ever went forth to defend their country & freedom.

When the Declaration of Independence was adopted, the old State Gov't. of Pa. was practically destroyed & the proprietary authority in the state ended. On 9/28/1776, a frame of that government known in history as the Declaration of Rights went into effect. By its requirements a military system was imposed upon the people: "The freeman of the Commonwealth & their sons shall be trained & armed

for its defense under such regulations, restrictions & exemptions as the General Assembly shall by law direct."

Before Philadelphia had sent a single armed man into the Revolutionary War, eight companies of riflemen were organized among the Pa. Dutch farmers. These soldiers later became a part of Gen. Daniel Morgan's "Virginia Riflemen", miscalled that since more than half of them were from Pa. It was of these Pa. troops that the Va. warrior made his famous reply when asked who were the best soldiers in the army; "I like best my Pa. Dutch soldiers, they serve so dammed well. They can march too, as well as starve". In hiking to Boston they averaged 35 miles every day. Among these soldiers were the best rifle shots in Washington's Army. The effects of Lexington & Concord had showed the world that the American militia could attack & defeat veteran troops whose bravery had been proven on many a battlefield in Europe.

By 1777, the conditions were serious enough to call for the adoption of the new law known as the Test Act, or the Oath of Allegiance. It provided "That all white male inhabitants of the State, above the age of 18, shall, before the first day of the ensuing July, take & subscribe before some justice of the peace an oath", renouncing & refusing an allegiance to George III, King of Great Britain, his heirs & successors; & that I will be faithful & bear true allegiance to the Commonwealth of Pa., as a free & independent state & that I will at any time do, or cause to be done, any matter of things, that will be prejudicial or injurious to the freedom & independence thereof, as declared by Congress & also, that I will discover and make known to some justice of the peace, of said State all treasons or traitorous conspiracies which I now know or hereafter shall know to be formed against this or any of the United States of America". This was a test of their loyalty to the American cause. All who refused to take this oath were regarded as Tories.

Six years after the British defeated the American Patriots at Bunker Hill, Gen. Washington & his Continental Army defeated & forced the surrender of Lord Cornwallis & his Army of Redcoats at Yorktown. Washington's Army grew rapidly until it numbered 16,000. Yorktown was bombarded for three weeks. Gen. Washington leading in the attack in person. Cornwallis was forced to surrender to avoid annihilation.

When the British raised the white flag at Yorktown, the American & French Armies drew up in opposite lines more than a mile in length, at the head of one was Gen. Washington, while at the head of the other stood Count Rochambeau. The British soldiers marched between the lines with slow & solemn steps, their colors cased & the drums beating an old British march. When opposite Gen. Washington, a British General lifted his hat & said that Cornwallis was not well enough to come in person to deliver his sword. Gen. Lincoln, who had been compelled to give up his sword at Charlestown, now, by Gen. Washington's orders, received the British Sword & led the defeated Army to an open field where they laid down their arms. Hostilities ceased between the United States & Great Britain at this point. We recall with pride & reverence, the courage, sacrifice & the vision of the founders of America's Independence.

All participants in the Revolutionary War whose descendants have researched their "roots" back to this war & joined the D.A.R. are listed in a book "DAR Patriot Index" where over 80 Schneiders/Snyders can be found - most libraries carry this book. The DAR has also put out a book "Index of Rev. War Pension Applications" covering those who received pensions.

## NEW YORK

11th State - 1788: The Dutch settled N. Y. in 1624 when they established a colony at Albany, then called Fort Orange, the next year other settlers from Holland came to N.Y.C., then called New Amsterdam. In the next few years the Dutch induced individuals from Scandinavia, Great Britain & Germany to come with them to the New World. Many Puritan families in Mass. & Conn. drifted south into N. Y. about 1640, some 60 years later German families came into the Mohawk Valley. About the same time French settlers were straggling into the new section from Canada. In 1776 N. Y. broke with the Mother Country & joined the other colonies in their fight for freedom.

Births, deaths & marriages from 1880 to present, for the entire state exclusive of N.Y.C. records & certain records of Albany, Buffalo & Yonkers, are in the charge of the Director, Office of Vital Statistics, State Dept. of Health, Alfred E. Smith State Office Bldg., Albany, N. Y. The central office for N.Y.C. Vital records is Board of Health, 125 Worth St., N.Y.C. For data on records prior to 1880, when the Dept. of Health became the central depository for the state, see Hist. records survey, New York State, "Guide to Public Vital Stat. in New York State", 1942, 3 Vols. Marriage Bonds from 1752 to 1784 originally 40 Vols., are in charge of Associate Librarian, Manuscripts & Hist. Sec., N. Y. State Library, Albany, N. Y. Wills - usually in county surrogates' office. For other wills see Berthold Fernow ed. "Calendar of Wills on File & Recorded in the Offices of the Clerk of the Court of Appeals of the County Clerk at Albany, & of the Sec. of State, 1626-1836," 1896. For abstracts of wills on file in the Surrogates Office, city of N.Y. 1665-1800, see N.Y. Hist. Soc. "Collections". Included therein are wills for the southern district of N. Y. State. Deeds & Land Grants - deeds are usually on file in the county clerk's offices. Deeds, including mortgages and releases to state, 1642 to present, in custody of Sec., Land Board, Dept. of State, 164 State St., Albany, N. Y. Church or Parish Records Transferred to State - in custody of the Associate Librarian, Manuscripts & History Section, N. Y. State Library, Albany, N. Y.; war service records are also in custody of this same library, which also has a large collection of N. Y. State cemetery records.

They were not the paupers of the old world, many were well-to-do & some were even titled personages. The hardships of these settlers led to the formation of the first charitable organization of the Germans in America, the "Duetsche Gesselschaft", in 1764, which as the "German Society of Phila." is still in existence.

The following is a list of familys that this author was able to locate from the books - "Burke's 30,000 Immigrants" & Strassburg & Hinke's lists; & various researchers for Pennsylvania:

ANTHONY SCHNEYDER arrived at Phila., Pa. 11/7/1741 on the ship "Snow Thane of Fife". from Rotterdam, last from Aberdeen, Scotland.

HANS ADAM SNYDER - PETER SNYDER - DANIEL SNYDER - arrived 9/19/1738 on the ship  
"Thistle" from Rotterdam - p. 163 Pa.Arch., Series 2, Vol. 17.

JACOB SNYDER (dec'd.) - CHRISTIAN CRYBILE -JNO CRYBILE, sick - arrived 10/16/1727 on the ship "Friendship" at Phila., Pa. - Oath of Allegiance carries only Christiyan (x) Krayebiel - the first Snyder died enroute to his new home.

THOMAS SCHNEYDER age 52 - arrived on the ship "Glasgow" 9/9/1738.

& THOMAS SCHNEIDER age 20 on the same ship.

HERMAN SCHNEIDER - arrived on ship "Patience" 9/19/1749 from Rotterdam,  
Capt. Hugu Steel.

There were others I am sure, but the above are all that I have a record of.

The foregoing N.Y. records were researched for me (for a fee) by Mrs. Deanna Smith, 28 Willett St., Fort Plain, N.Y. 13339 - 12/1976.

On 4/1/1723, 15 to 33 families, according to various records not in agreement, left the SCHOHARIE VALLEY, N.Y., via Panther Creek, the Summit Divide, the Charlotte & Susquehanna Rivers & after a six weeks trip into the unknown wilderness, arrived in the TULPENHOCKEN VALLEY, PA., where they settled, founding the present day cities of YORK & READING, PA. Other migrating groups of Palatines to Pa. followed the same route in 1725 & 1729. Nicholas Warner of the Palatines told author, Simms, in 1837, that he had seen the stumps of the trees on the Charlotte River made into dugout canoes for the migration to Pa. - p. 54 of - "The Palatines of N.Y. State", publ. by the Palatine Soc. of the Un. Evan. Luth. Church of N.Y. & New Eng., Inc.

OHIO

\* - Old Indian Lands

## OHIO

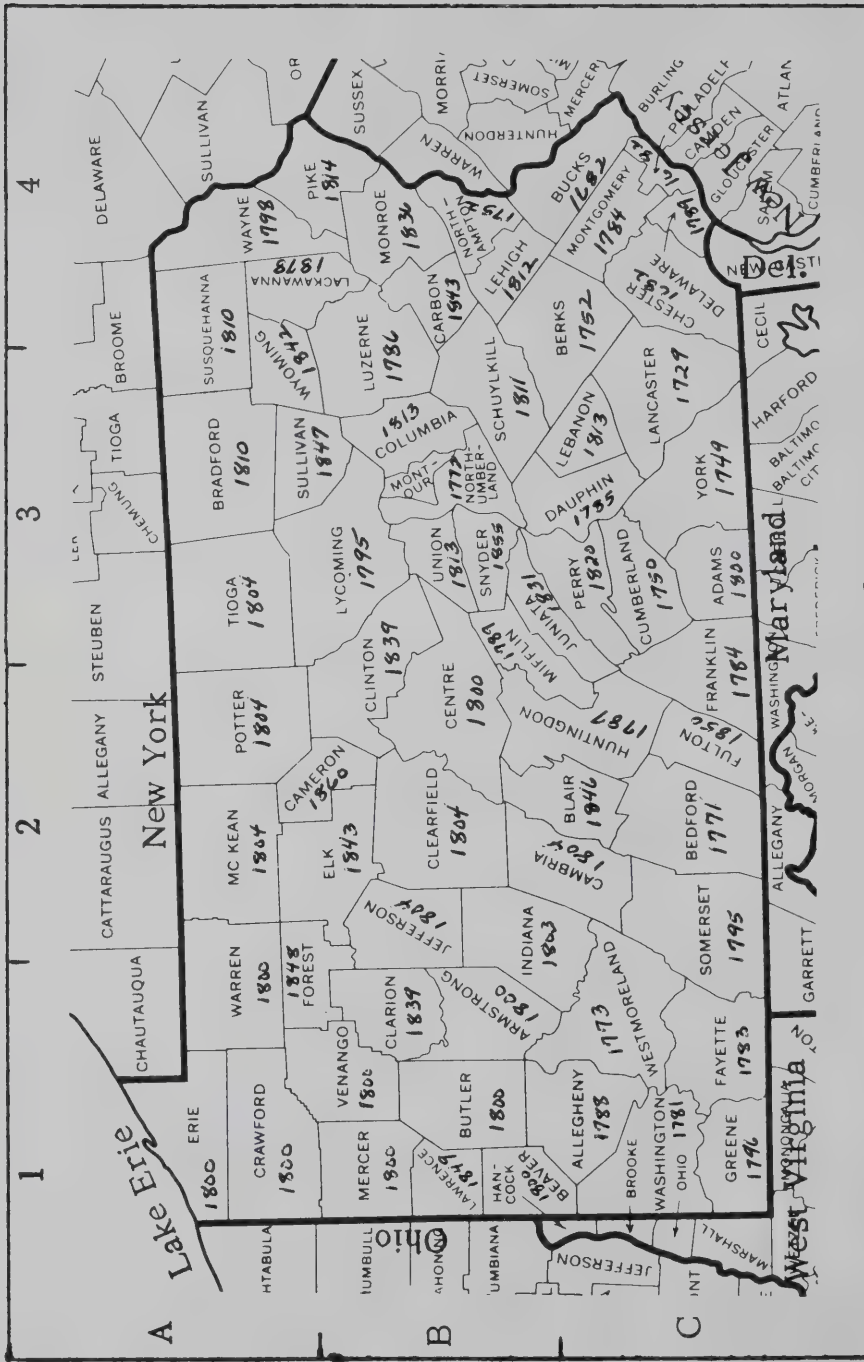

17th State - 1803: The U. S. claimed possession of the NW Terr. by virtue of its victory over the British in the Revol. War. The central government decided the land should be used as bounty for the soldiers in the Revol. War & it was opened for settlement through the Ordinance of 1787 establishing the NW Terr.

Within 61 yrs. five full states & part of a sixth had been created & admitted into the union from the NW Terr. Mass. & Conn. formed the Ohio Company which purchased about a million acres of land for two-thirds of a dollar per acre, including what afterwards became Washington, Noble, Morgan, Athens, Meigs & Gallia counties. Known as the Va. Military Bounty, about  $4\frac{1}{2}$  million acres were set aside between the Scioto & the Little Miami Rivers for settlement by Virginians and Kentuckians about 1800. The Chillicote section in Ross county attracted many impatient & unrestrained Kentuckians & Tennesians. Sometime later two other districts were thrown open to settlers, the first of these movements brought large groups of Scotch-Irish, Germans & Quakers from the neighboring Pa., across the Ohio to the section from which later were created Columbiana, Carroll, Jefferson, Harrison, Belmont & Monroe counties. The trend of these migrations brought settlers from N. J. floating down the Ohio & settling the area between the two Miami Rivers, the Little & the Big. They & some Scotch-Irish & Dutch began the cultivation of some 300,000 acres in that SW corner of Ohio. Cincinnati became an important part of that colonization.

After Gen. Anthony Wayne & his U.S. forces had driven the hostile Indian tribes westward from the Lake Erie section in 1794, another 4 million acre tract, known as the Western Reserve, was opened for settlement in the NE corner of Ohio, along Lake Erie, it was settled mainly by former Conn. residents. The "Refugee Tract" was set aside by congress for Canadians who had aided the American cause of the Revol. & had lost their lands in Canad, it was a tract  $4\frac{1}{2}$  miles (N & S) & extended eastward from the Scioto River to near the Muskingum River, in the proximity of Franklin, Licking & Perry Cos., created in 1801, effective 1802. After 1813 the large NW section of the state was thrown open to settlers who flocked there from East & South. The opening of the Erie Canal in 1825 brought more settlers along that route from the north-eastern states. In 1799 Ohio was organized as a terr. included in which was the Indiana Sec. The very next year, Indiana was organized as a Terr. & in 1803 Ohio became a state.

Birth & death records before 1909 are in the custody of the Clerks of the Probate Court in each respective county & in the offices of the City Board of Health. From 1909 to the present the records are in the charge of the Dept. of Health, Columbus, Ohio. Marriage records & Licenses are on file in each county office of the Clerk of the Probate Court, where are also records of wills & real estate matters. Each County Recorder has charge of land records within the county. The State Library, State Office Bldg., Columbus, Ohio has census records.

# County Map For The State Of PENNSYLVANIA

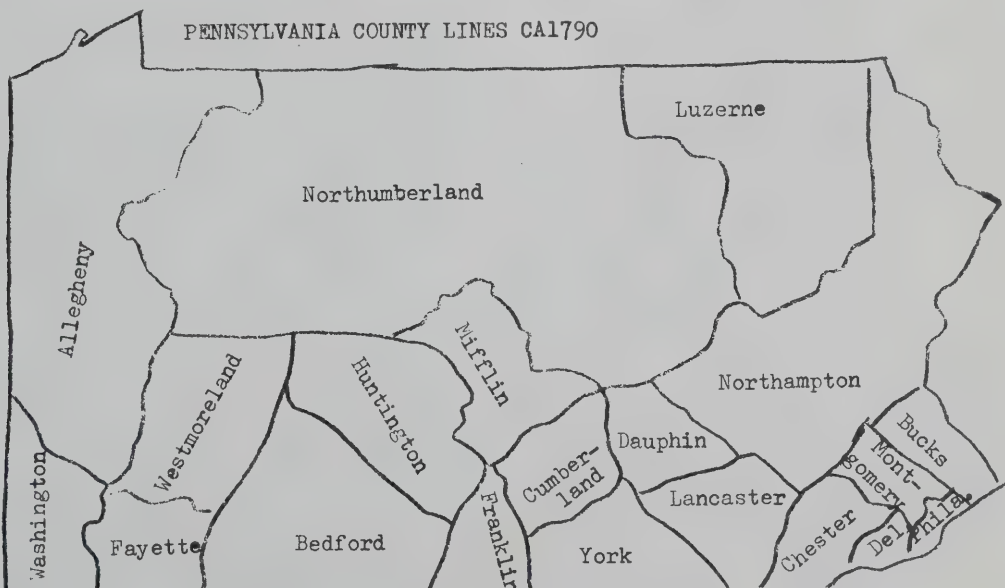

## PENNSYLVANIA

2nd State - 1787: William Penn extended an invitation to Europe's religiously persecuted & exiled to come to Penna. where he had established a haven of religious freedom & liberty. Responding to the earnest solicitation the Society of Friends, or Quakers, came from England, Scotland, Ireland & Wales; the severely persecuted Palatines came from the Rhine section, the Anabaptists, or Mennonites, arrived from Germany & Switzerland; the Church of the Brethren or Dunkards, so called from their belief in triple baptism, came from Germany in 1721; the Roman Catholics from England came there in 1732; the Moravians or Czech followers of John Huss, came from Moravia & Bohemia to Penna. via Georgia in 1740 & the so-called Dutch, who were Germans, not Hollanders.

In the beginning, Penna. consisted of three counties: Philadelphia, Chester and Bucks. Bucks county extended north to the Kittatinny Mountains, the major part of which lies along the Penna. border between Stroudsburg & Port Jervis & beyond. The land in the NE part of the state became crux of the dispute between Penna. & Conn. which erupted into the two Pennamite-Yankee Wars, the only instance of actual warfare between two states. Bucks county contained all the land in the province north of Phila. county & in particular all that land which became Northampton county. As the population grew, it became politically expedient to organize new, smaller counties. The partitioning also served to break the German-Quaker alliance. By act of the Penna. State Assembly 3/11/1752, Northampton Co., was erected out of Bucks Co. It included all or parts of present day Northumberland, Wayne, Schuylkill, Bradford, Lehigh, Columbia, Pike, Monroe, Carbon, Luzerne, Sullivan, Wyoming, Susquehanna, Lackawanna & Lycoming counties, all known as the "Drylands", in the forks of the Delaware.

The Penna. Hist. & Museum Comm., Harrisburg, Pa. has been microfilming early wills, orphans' court, deed & tax records of Pa. counties. Marriage licenses were first issued in Pa. ca1883. Birth & death records have been kept since 1892. Until 1906 these records were kept in their respective counties, since then they have been under the direction of the Bureau of Vital Statistics, Harrisburg, Pa. The marriage licenses are kept at the office of the clerks of the respective counties. From 1852 to 1856 birth & death records were also recorded in the counties.

## VIRGINIA

10th State - 1788: The colonization of the American continent in modern times began with the arrival of three boatloads of English immigrants in May, 1607 on the NE shore of the James River in the present Va. One of the leaders was Capt. John Smith, a daring adventurous fellow with an inquisitive mind who had been in many tight situations on the outskirts of civilization. With a score of companions, he sailed into several of the many bays & river openings along the zig-zagging east coast, & thus became acquainted with the lay of the land. Having done nothing to provide food for the winter, more than half of the colony succumbed from illness & lack of nourishing food. The summer of 1608 brought them new supplies from England & 120 more immigrants. In the fall of 1608 the colony of 130 or 140 persons were augmented by the arrival of 70 more immigrants in the 3rd expedition to Va. Early in 1610 more food & additional colonists arrived from England. Va. became a royal colony in 1624. From then until 1776 when it announced its independence, it was in almost constant trouble with the Crown or its representatives. Mainly, the colonists objected to the arbitrary action of the colony officials & their ruthless demands.

By 1754, the settlers had scattered over the coastal plain, the Piedmont plateau & had crossed over the Blue Ridge highlands & settled in the Valley of Va., with the Appalachian Plateau at their back. As early as 1730 there had been a heavy immigration from Penna. into Va. of Scotch-Irish, Welsh & Germans, most of whom settled in the upper valleys. Therefore, it was in that section where flourished the Welsh Baptist Church, the English Quakers & the Scotch Presbyterians. Methodist churches were established ca1800. She was the 10th state to join the Union in June, 1788. Until 1686 the Episcopal Church was the state church in Va., all children, regardless of religious affiliation, were required to be baptized by the ministers of that church. Dates of their baptism, together with their names, dates of birth & names of their parents were recorded in the parish registers. The same information was taken of all marriages & burials. All of these church records are preserved, some are printed. They are available in the Va. State Library, Richmond, Va. In 1704 all Va. landowners, except those in Lancaster, Northumberland, Westmoreland, Richmond & Stafford counties, had to pay the king a Quit Rent of one shilling for each 50 acres bought. The Quit Rent list is used as a Census Report or Schedule.

The State Bureau of Vital Statistics, Richmond, Va., has birth & death records from 1853 to 1896, & after 1912. Marriage records are available from 1853 to the present. Some marriage bonds are in the State Library, Richmond, Va., others are in the office of the Clerk of the Court or city in which the marriage took place. Several of the so-called independent cities have their own records of birth and deaths. Inquire at the City Board of Health office. Va. Hist. Soc., 707 East Franklin St., Richmond, Va. Excellent service is extended researchers at the Va. State Library, Richmond, Va. Loan volumes are limited to those books of which they have duplicates. Photostats of original record books may be obtained at a reasonable price. The library has Parish Registers & Vestry Books from 1618 to 1860. It also has a collection of State Land Office Records, these records contain patents for land dating from 1623 & a name index has been compiled. However, the nature of the records is such that they give no information as to the date, place of arrival of the patentees in America, or the names of the ships.

## WEST VIRGINIA

35th State - 1863: West Virginia came into existence as a direct result of the Civil War. That section had always been part of Va., even though the two sections never had much in common. One of the main reasons for this, no doubt, is the rugged Allegheny mountain range separating the two sections which made traveling between them rather difficult. When Va. cast its lot with the Confederacy, the settlers west of the Alleghenies began to murmur. The complaint eventually became so loud & demanding that a separate government for the western section was organized in 1861 under the name of Kanawha. Two years later W. Va. was admitted to the Union as the 35th state with a total of 50 counties, since then 5 counties have been added.

The physical features of the section make W. Va. more accessible from Penna. than from Va. in the early days, the Indian trails served as roads & much of the travel was in the direction from Penna. to W. Va. Germans, Welsh & Irish came as early as 1670, English in 1671, various nationalities in 1715 & 1725. Some of the early settlers merely crossed over from Maryland & made their homes in the present Berkeley & Jefferson counties. Most of the counties in W. Va. were settled years before they were organized.

The Div. of Vital Statistics, State Health Dept., State House, Charleston, W. Va., has the records of births & deaths from 1917 to the present, marriages since 1921. Earlier marriages are recorded in the offices of the respective County Clerks. The Va. tax lists, published to replace the fire destroyed 1790 Federal Census, give a record of the taxpayers in the W. Va. counties of those days. A number of W. Va. counties have published the 1850 Census, containing the names, ages and deaths of birth of all family members. The first Federal Census was taken in W. Va. in 1870, prior schedules of the original 50 counties are listed under Va. The County Clerk has charge of all court & land records.

FAMILIES NOT TRACED BACK TO THEIR IMMIGRANT - these were not traced back due to lack of records & the cooperation of known descendants & their lack of knowledge about their ancestry. Those that have been traced back to their immigrant ancestor can be found under pages that begin with an "I" - example p. I-20, the "I" standing for "Immigrant". Many of the following families are no doubt descendants of the immigrants found under the "I" pages, however, no connecting link was found at this time & the following are being included in this book for the use of future researchers of this family name. Fostoria, Ohio 44830 & Family Bible owned by Joseph C. Snyder, 413 S. Tenn.  
Ave., Martinsburg, W.Va. 25401. On 4/7/1845, a court action followed as a  
result of Abraham's will that was complicated due to the heirs by three  
wives. In the end, all of the land was auctioned off, including the Widow  
Catherine's dowry which was purch. by son George W. Snider - Berkeley Co.  
D.B. 50, p. 43 - 4/13/1846. When George died, the land passed on to his  
son Wm., after which the land passed from the Snyder family in 1933. This  
land presently owned by Donald Riggs of Jones Spring. It was also the site  
of the Swinging Bridge located at the former site of the dam at Snider's  
Mill. The Snider Dam & Mill were washed away & never rebuilt after the  
heavy rains & floods which occurred in 1889. Abraham ultimately had re-  
ceived Jacob's land in Berkeley Co. as prescribed in Jacob's Will.

LANDES/LANDIS - contributed by Mrs. Esther E. Baker:

The name of Landis was known to the French & Germans centuries ago. The French pronounced the word Lond-da (de) & the Germans, Landes, the accent in either instance on the last syllable. The name in ancient records appears in various forms of Landis - Landes - Landus - Landess - Landice - Landos - Lands - Landse - Landisich & probably Landesh. Among the earliest records of the family of this name are those of HANS LANDIS, a Peritus or Mennonite preacher who was beheaded in Switzerland in Sept. 1614, by the members of the Reformed faith. He was tall of stature, had a long black beard, a little gray, & a masculine voice. He was the father of Jans, Felix & others (see fam. history of Lancaster Co., Pa., p. 9, 10 & 11). The banished Mennonites went to Germany & Holland. Probably the first of the name Landis in America, was a Samuel Landis, High Sheriff of the County of New Castle, Md. in 1684.

The Mennonites, to which the Landises adhered, were a plain, honest, thrifty & industrious people. From their homes in Europe, where they were persecuted, they came to the wilderness of Eastern Pa.

Three brothers, Rev. Benjamin, Felix & John arrived in America in 1717. John Landis settled in Bucks Co., Pa. Benjamin settled in Lanc. Co. & Felix in Dauphin Co., Pa. Others were a John Landis who arrived near Akron, Pa.; Rudolph Landish in 1727; Johannes in 1732; Christian Landes in 1736, Samuel in 1743, Henry and Rudolph in 1749; Peter in 1753; Jacob & Johannes Landes from Germany in 1764 & others who came later. In 1790, there was only one Landis family west of the Susquehanna River. Abraham Landis took out a warrant for 116 acres of land on Montour Run, Cumberland Co. (now Perry Co.), Pa. He came from Cocalica twp., Lanc. Co. In 1793, he laid out part of this land into 72 town lots & called it Landisburg, which bears the same name today. Ref: The Landis Fam. Hist. of Lanc. Co. of 1888.

perhaps there are others that could be the issue Of Herman, but as of this  
writing - the foregoing are the only ones thought to be his issue.

----

It has never been established who the parents of Herman were, if he is an emigrant  
himself, if he was an emigrant, where did he come from, where did he first settle,  
where did he marry, etc. - the following are records, etc. that researchers have  
uncovered that could be this man. These leave many questions - could he have  
been a son of Abraham Schneider of what is now Bethel twp., Berks Co., Pa. -  
see p. IB-1... or is he the son of the Jacob who died on the way over aboard the  
ship "Friendship in 1727? If anyone ever can locate records on this man that  
are not included in this book, please contact the author of this book as this is  
her forebear.

According to Charles F. Snyder ( IA-12 )there is a tradition in the Graybill  
family in the area around Richfield, Juniata Co., Pa., that the Schneiders and  
Graybills came to America on the same ship, the story goes that the first Schnei-  
der died enroute & the Graybill relatives took his orphaned children along with  
then to their new home in America. Many members of both families still living  
in this area, having intermarried in several generations & having Mennonite back-  
grounds, Herman is thought to be one of these orphaned children. Checking tra-  
dition against facts we find in "The Pa. German Pioneers" 1934 Strassburger-Hinke:  
List 5-A, p. 16 - Captain's list: the ship FRIENDSHIP at Phila., Pa. 10/16/1727-  
Jacob Snyder, dead (this could be the father of Herman?) - Christian Crybille -  
& Jn° Crybile, sick. While List 5-B Oath of Allegiance, p. 17, carries only -  
Christiyan (x) Krayebiel. This would put Herman at about the age of 4y (1722)

when the Graybills came over in 1727. However, there is another record for a Herman Schneider: A Herman Schneider arrived 9/19/1749 on the ship PATIENCE from Rotterdam - Capt. Hugh Steel - from "30,000 Names - Immigrants" by Rupp, p. 206/7. Also listed in "Pa. German Pioneers" by Strassburger & Hinke, Vol. I, p. 408 - the name is spelled Hermanus Schneider. Another tradition states that Casper Snyder (1745-1821) who is thought to be the son of Herman, was a cousin of the Gov. of Pa. - Simon Snyder see p. IC-17---- no record has been found to substantiate this claim. For a history of the Graybill family, see the book "Hist. of a John Graybill Fam. in America" - 1754-1976 by Spencer Kraybill & Noah Zimmerman - copies of this book have been placed in several places, among them are: Lancaster Mennonite Conf. Hist. Soc. Archives, Lancaster, Pa.; Juniata Dist. Hist. Ctr. for Menn. Chr., Richfield, Pa.; Pa. State Lib., Harrisburg, Pa.; Snyder Co. Hist. Soc., Selinsgrove, Pa.; Northumberland Co. Hist. Soc., Sunbury, Pa.; Fort Wayne Public Lib., Fort Wayne, Ind.; Goshen College Hist. Lib., Goshen, Ind.; Wisconsin State Hist. Lib., Madison, Wis.; Virginia State Lib., Richmond, Va. and Congressional Lib., Wash., D.C. Much of Harman's descendants were listed in this book & the authors most graciously allowed this author to include same in this book. From the book "The Matthias Swartz Fam. Hist. & Their Desc." by Harry Jacob Fisher 1976 gives the following: On the ship "Friendship" of Bristol, landed at the Port of Phila., Pa. 10/16/1727, there were seven who died on the trip, one of whom was a Jacob Snyder, his family was of the Moravian faith. They first settled at Germantown, Phila., Pa. The Jacob Snyder family later moved to Dover twp., York Co., Pa., to be close to their friends - the Hoffmans & Graybills. It is not known if the widow of Jacob remarried. It is believed that Barbara Snyder became the second wife of Matthias Swartz cal 1773, the John Graybill family and the John Snyder family then migrated to the Richfield area near the Mahantango Creek. From this it would seem that Herman's family first located in York Co. before moving to Mahantango Creek area?

From "The Snyder Co., Pa. Pioneers" by Fisher - p.85: Harman Snyder (Sr.) was listed on the Penn twp. tax list for 1771. In 1773, he was one of the road supervisors of the twp. He lived in the vicinity of the present village of Richfield & his land holdings were large. In 1796, when Mahantango twp. was formed from Penn twp. (Northumberland Co., Pa.), he & his son Harman, Jr. were assessed there. History of Susquehanna & Juniata Valleys by Everts, Peck and Richards - Vol. II - Harman Snyder is among the list of inhabitants of Penn twp. 1776. Juanita Co., Pa. was formed in 1831 from Mifflin Co., Mifflin Co. was formed in 1789 from Cumberland & Northumberland Cos., Cumberland was formed 1750 from Lancaster Co., Lancaster Co. was formed 1729 from Chester Co. - original Co. and Northumberland Co. was formed 1772 from Lancaster, Bedford, Berks & Northampton Cos.

At two locations, in the extreme south of present Snyder Co., Pa., near the confluence of the No. Mahantango with the W. Mahantango, a Herman Snyder & Casper Snyder were warranted land practically adjacent in 1773 & 1774 - this leads one to believe that they could be father & son?

DEEDS - the following records were found by John H. Snyder, Richfield, Pa. and contributed for this book:

SERVICE RECORD - Ref. DAR National No. 271024, No. 331343, No. 437692, No. 354815, 433492, etc. Casper Snyder served as a Pvt. - Capt. Thomas Robinson's Co., Northumberland County Rangers, Pa. He was a Lt. in the 6th Co., 1st Battn. of the Northumberland Co. (Pa.) Militia - 1782, after the war he was Captain of a Militia Co. Ref: Pa. Archives III, Vol. 19, pp. 409, 443, 548, 648 & 723; Pa. Archives IV, Vol. 4, p. 772; Pa. Archives V, Vol. 8, p. 638. Gen. & Biog. Annals of Northumberland Co., Pa. - p. 771; Snyder Co. Pioneers - by Fisher - p. 24 & 85.

From "Snyder County Pioneers (Pa.) by Fisher - p.85: Casper was assessed as a as a freeman in Penn Twp. in 1771, & from 1774 on was a resident of Augusta twp., Northumberland Co., Pa. In the U.S. Census of 1790, he is listed as Jasper Sneider & his fam. consisted of one male over 16 & four under 16, & five females. Casper settled along the Hallowing Run & in 1798 built the famous brick Blue Ball Tavern. NEITHER CASPER OR HIS WIFE ARE BELIEVED TO HAVE BEEN IMMIGRANTS.

From Gen. & Biog. Annals of Northumberland Co., Pa. - p. 771-774 give the following account: Casper Snyder, the pioneer of the fam. in Northumberland Co., CAME FROM GERMANY & settled here before the Revolution. He was a large land owner, having nearly 1,000 acres, including what is now a part of the Updegrove farm, the Thomas, Peter & Adam Snyder famrs, the tract now owned by Dennis H. & Newton W. Snyder, his great-grandsons, etc. He was a farmer & tavern-keeper, his tavern being located on the old Harrisburg & Sunbury road, where his son Peter succeeded him; in 1798 he built the old brick tavern known as "Blue Ball Tavern".

There was a write-up about Casper's "Blue Ball Tavern" on 9/21/1975 in the Sunday Patriot-News, Harrisburg, Pa. stating the old house has legendary history of Occult Happenings where murder most foul once was committed and another man went out to perish in a howling blizzard. Many were afraid to cross the old covered bridge over Hallowing Run in Lower August twp. because of the "headless woman who haunted the place". Old-timers in the area, about seven miles south of Sunbury along Rte. 147, will tell you - only half-chuckling - about clanking log chains, doors that won't stay shut, disappearing bloodstains on the old plank floor, thumping in the hall, a black dog at the window & a fireball in the western sky.

The house itself was built in 1798 by Casper Snyder, who moved from Millersburg (now in Dauphin Co. - south of Fisher's Ferry), & it was used as a stopping-off place by stagecoach & horseback travelers on the Old Tulpehocken Pike - which then ran past the front of the house known as "Blue Ball Tavern". The bricks were baked right there on the property from clay dug from beds nearby. A water-powered sawmill about 100 yards away furnished the planking. The beams & rafters were hand-hewn & pegged into place. The story told - and heard from several independent sources - is that a diamond peddler stopped off here twice a year. He came to take his orders from a selection of diamonds he carried & returned six months later to deliver the gems in the desired setting. One dark night - probably in the earliest 1800s - the itinerant merchant was murdered in his bed as he slept at Snyders. The Snyder family owned the house for 117 years. It has eight large rooms, four on each floor, and a kitchen addition with side porch at the back. The interior brick walls run clear down through the cellar and divide the three levels into separate & equal compartments. There are 10 fireplaces, now boarded up & the two main chimneys on the east & west sides of the house each have four flues.

DEEDS - Patent Book AA - Vol. 14, p. 683 - 8/25/1772 Land Office, Dept. of Internal Affairs to Casper Sneider on 3/14/last, "Taylor" farm in Mahantango Creek, Penn twp., Northumberland Co., Pa. - 98.5 acres - Patent 12/13/1773 - Thomas Penn & John Penn, Esq. to Casper Sneider, bounded by Michael Kerstetter land & vacant land. This same land has a deed dated 11/8/1806 Caspar Snyder to Christopher Snyder - Patent Book AA14-85. Then 4/11 & 12/1809 - Christopher Snyder of Greenwood twp., Mifflin Co., Pa. & Elizabeth, his wife, skin dresser, to Peter Seguist of Mahantango twp., yeoman. This Christopher has never been tied in with Casper.

On 11/5/1773 John Kerlins sold land situate on east side of the Susquehanna River, adj. & between lands surveyed for Arthur Auchmuty & Herman Snider about 2 miles above the line of lands lately purchased from the Indians, including the mouth of Holland Run, Berks Co., Pa., containing 321½ acres & surveyed 8/23/1769 - Order No. 1130 dated 4/3/1769 to John Kerlins, to Herman Snyder (Sr.); on 11/19/1788 Herman sold this same land to Casper Snyder - this same land was then passed on to Casper's son Peter Snyder as stated in Casper's will. Patent Book P, Vol. 12-p. 495 - Fruitful Valley, Augusta twp.

The foregoing are just a sample of deeds that can be found on Casper and his family.

This church was established in 1773 when their baptismal records began, their marriage records began in 1864. The original records were destroyed in a fire that destroyed the church bldg. in Jan. 1959, one copy of these records can be found in the Hist. Soc. Office, Sunbury Lib., Pa. The only existing index to the baptismal records is in the possession (1970's) of John H. Carter, Sr. who is Pres. of the Hist. Soc. of Northumberland Co., his address is 750 Market St., Trevorton, Pa. 17881.

AC - MARY/MARIA (POLLY) SNYDER b-6/24/1783 Northumberland Co. (of Casper - A) Bapt. Himmel Lutheran & Reformed Church, Washington twp., Rebuck, Pa. on 8/4/1784 - sp: John Geo. & Agnes (Schneider) Furst. (Northumberland County Historical Society Record) d-3/7/1856 Fisher's Ferry Cem., nr. Sunbury, Pa. (from EARLY PA. BIRTHS 1675-1875 by Fisher - p. 40) There is a tombstone. Other records show that Mary died in Ohio, it is not known why she was buried in Pa. & her husband is not buried with her - his place of burial has never been definitely established, nor have any wills been located for either of them.

m Isaac Updegraff/Updegraph/Updegrove, son of ?

The name is shown various ways: In both Mary's father's & mother's wills, Mary is referred to as - Mary (Mrs. Isaac Updegrove) & Mary Updegrove. In Beer's "Hist. & Biog. Annals of Northumberland Co., Pa." p. 771 shows - Polly (Mary) Snyder b-6/24/1782, d-3/7/1856, m Mr. Updegraph. On p. 971 of "Hist. of Wyandot Co., Ohio" 1884 it shows her - Isaac & Mary (Snyder) Updegraff, the same also shows in "Biog. Memoirs of Wyandot Co., Ohio" p. 658. On p. 85 of "The Snyder County Pioneers" by Fisher - Mary, b-1/24/1783, d-3/7/1856, m Isaac Updegraf. It would seem from these various records that the name was changed to UPDEGRAFF after they had moved to Ohio, & that is the way it is spelled now.

UPDEGRAFF HISTORY - efforts are being made to uncover the names of Isaac's folks & a history is being accumulated on all persons by this name & one day a history will be published on them by the author of this book - so please keep this author advised of all births, marriages, deaths, etc. so that this history will be kept up-to-date. Efforts are being made to locate wills for Isaac & Mary.

BIOG. MEM. OF WYANDOT CO., OHIO - p. 658-9: Isaac & Mary (Snyder) Updegraff, both of whom were natives of the Keystone (Pa.) state, moved to Ohio at a very early day where they lived & labored until their respective deaths which occurred in Wyandot Co. Their son Casper was b-7/13/1801 Snyder Co., Pa. - was in Northumberland Co. at that time.

HIST. OF WYANDOT CO., OHIO 1884 - p. 971: Casper was a son of Isaac & Mary (Snyder) Updegraff & with him after five or six years spent in Carroll Co., Oh., moved to Wyandot where they located on a farm (Ridge twp.).

A descendant, Mrs. Rose (Updegraff) Shane, related that this family tale has been handed down through the years that "Isaac Updegraff got drunk & joined the War of 1812, when he sobered up he took his son, Casper, to Ohio, which they found to their liking & later moved there cal827". Efforts have been made to establish Isaac's record of being in the War of 1812, but with no success. The name Isaac was used quite frequently & it has been most difficult sorting out the various ones, also, it's quite possible that Isaac was a middle name & a record would then be found under a first name?? Mrs. Shane contributed much to this book, she gave letters, etc. to the author of this book which proves beyond any doubt that Isaac & Mary had a son named Casper even though this name is not listed in any of the above histories, it's possible that Casper was a middle name & that perhaps his first name could have been Isaac or Adam (Thomas had no children) as they are listed in the above histories. All records, letters, papers, etc. will be placed in the State Lib., Lansing, Mich. upon my demise.

m 1827 in Pa. - Ann Eliza Trego b-11/16/1807 Lycoming Co., Pa., she d-1/2/1894 Wyandot Co., Ohio, dau. of Jeremiah & Phoebe (Jones) Trego, natives of Honey Brook, Chester Co., Pa., of English descent whose ancestors came to Honey Brook in 1683. A history of the Trego family is being collected & the author of this book will one day publish their history, so please keep this author advised of any & all births, marriages, deaths, etc. so that the records can be kept up-to-date. Ann is buried in Zion Bloom Cem. Casper was first interred in the Lutheran Cem. on Lime-stone Ridge but his remains were moved to Zion Bloom Cem. upon the death of his wife. In the Orphan's Ct. Docket, Northumberland Co. Ct. House, Pa. - 1834, is a writ of partition for the estate of Jeremiah Trego which names his dau. Ann as wife of Casper Updegrove. Ann was a member of the German Baptist Church at her death.

Casper, a native of Snyder Co., Pa., grew to manhood there & in early life he learned the trade of weaving which he followed to a considerable extent after moving to Ohio, his wife assisting him. They moved to Carroll Co., Ohio ca1831, then to Wyandot Co., Ohio, by wagon through the deep woods which covered almost the whole of Ohio at that time. They stopped for a short time with his sister near Bowserville, then went directly to Ridge twp., Wyandot Co., arriving in the spring. Casper applied for a land grant in 1835 & rec'd. his deed in 1837, it was signed by Martin VanBuren - one deed was for 80 acres & another 40 acres - at that time this land was located in Hancock Co., is now in Ridge twp., Wyandot Co. NE 1/4 Sec. 25 - twp. 1. Wyandot Co. was formed in 1845 from: Marion, Crawford, Hardin & Hancock Cos. Casper did not immediately begin to farm this land, he rented other land & farmed it for a few yrs., in the meantime he built a log house on his land & they moved to it ca1840 & began the task of clearing it. He also followed shoemaking as well as farming. He was a Democrat & a member of the Lutheran Church.

 much of this book into this Schneider/Snyder History - much thanks to them  
 from this author, as many of the descendants of Herman Jr. could not have  
 been traced without their help.

It is assumed that Herman is the son of Herman on p. IA-I - not proved, but  
 is no doubt Herman's son, & will proceed on this probability as follows:

Herman was a veteran of the Revolutionary War - Pa. Militia under Capt.  
 Wannamaker - 5th Btn. He was assessed in Penn twp. (now in Snyder Co., Pa.)  
 prior to 1790 & in Mahantango twp. in 1796. In 1790, his family consisted  
 of one male over & one under 16 yrs. & three females - Ref: p. 85 of "Snyder  
 Co., Pa. Pioneers" by Fisher.

His will was dated 2/8/1841, proved 10/25/1843 - Will Book B, p. 217 in  
 Union Co., Pa.: the following only covers his bequests: concerning my world-  
 ly goods, consisting of a farm situate in the twp. & county aforesaid (Union  
 twp., Union Co., Pa.) & in sundry personal property, it is my will that my  
 beloved wife, Magdalene shall hold in possession my whose property after my  
 death as long as she shall live or continue to be my widow. Should she again  
 marry, then she shall only receive one-third part of my personal property,  
 which shall then within a year after her marriage be sold on public Vendue  
 by my hereunto named Executors & within a year after such Vendue a third  
 part shall be paid to my wife. And the remainder to my children as will be  
 mentioned herein. Furthermore, it is my will that in such case, she shall  
 receive only one-third of the income of my real property. But if she re-  
 mains my widow as long as she lives, then the above named property shall only  
 be sold within a year after her death & be paid within a year after the sale  
 to my heirs. And within a year after her death shall my aforesaid farm be  
 sold on public or private sale by my Executors for cash or on such conditions  
 as may best suit my heirs & as soon as it is paid for it shall be paid to my  
 heirs together with the money for the personal property in the following  
 manner - viz: JACOB has already rec'd. his share during my lifetime -  
 CATHERINE shall yet receive \$15.00 which will be her "inheritance" in full.  
 ELISABETH shall receive a yearling heifer & shall be paid for the time she  
 worked for us, since she is above the age of 21, BARBARA shall received \$100  
 in cash, and that which yet remains shall be divided in eight equal parts &  
 be paid to the following of my children, viz: To MAGDALENA, HANNAH, ELIZA-

Herman Jr. continued: -ABETH, BARBARA, JOHN, RACHEL, ANNA & SARAH equal parts, so that each receives as much as the other. And finally, I hereby appoint my beloved wife Magdalena & my dau. Magdalena, Executors of this my last Will & Test. A supplement as made 6/4/1845 stating - after having bequeathed to my last Will & Test. to my daus. CATHARINE & ELISABETH, viz: to CATHERINE \$15.00 & to ELISABETH a years wages since she is 21 yrs. of age & after having changed my mind, it is my will & I ordain that ELISABETH shall receive \$20.00 for each year which she has worked for us since she is 21 yrs. of age; furthermore she shall receive my weaving apparatus. And CATHERINE shall receive instead of \$15.00 an equal share with my other children, viz: instead of eight parts there shall be made nine parts and CATHERINE shall receive one part, & paid on condition as is ordained in aforesaid will. And should it be the case that my appointed Executors should find the execution of my last will too tedious for themselves, then it is my will that they select one or more persons to execute the same for them.

References for the following family came from the book "Genealogical & Biographical Annals of Northumberland Co., Pa." J. L. Floyd & Co. 1911 - pp 777, 778, 779, 780 & 781 which was sent to me by Mrs. Carlos Klinger. Others who have contributed to this family records are John H. M - PETER SCHNEIDER b- cal660 prob. Europe (of - ?  
d- prob. Pa.

m

Peter was a Palatine who came from Europe to London, thence to New York in 1709 & was in the East-West Camp of tar burners of Gov. Hunter & Livingston's experiment to produce naval stores along the tachonic ridge area, N.Y., a granite marker marks the Livingstone Manor site today. Peter came from Schoharie Co., N.Y. (was formed in 1795 from Albany & Otsego Cos.) to Pa. in 1719 & settled in what is now Berks Co., Pa. This area was in Chester Co., Pa. in 1719, then in 1729 in Lanc. Co., Pa. Berks Co. was formed in 1752 from: Lancaster Co. - Chester Co. - Bucks Co. & Phila. Co., Pa.

Many efforts have been made to find the name of Peter's wife & if they had other children, other than Abraham who is listed in the above named book, and to try & locate a will or other court records, but to no avail. If anyone reading this will please write me if you know of any records on this Peter.

The Manor of Andulhea was warranted on 5/12/1732, surveyed 9/23/1733, re-surveyed 1/3/1734, then in May & June of 1765, a strip was cut off & re-surveyed & 25 lots were laid out by order of William Peters, Sec. of the Land Office & Warrants & Patents were issued several persons, among them was a Daniel Schneyder - this land was at that time Indian Territory.

Anna was born in the Tulpehooken Settlement in what is now Bethel twp., Berks Co. Mr. H. W. Bordner - 6500 Barnaby St. NW, Wash., D.C. 20015 has a book on the Bordner family - 363 pp.

front in Nov. of that year, placed at Fort Yorktown, Va. - did garrison duty

continued... as heavy artillery until Lee invaded Pa., in July, when they were transferred to Wash., D.C., by water & from there marched to the front to help fight Lee. They joined the Potomac Army at Hagerstown & had the honor to help drive Lee across the Potomac River, to Wmspt., Md. and then followed Lee into Va., driving that General with his army south to Warrenton Jct., Va., when their term of service had expired. They were then returned to Harrisburg, where Simon was mustered out of service Aug. 1863. He then returned home & again took up shoemaking & farming alternately until about 1870 when he sold out his shoemaking and saddler bus. to his brother, Gehrad, and sold his Mahantango farm to John Geist & bought the old Felix Maurer farm at Line Mountain where he farmed for the next 15 years, then upon the death of his wife he sold the farm to his son Edwin & lived with him in retirement.

This family lived in the extreme eastern end of Upper Mahanoy twp., Northumberland Co., Pa., on the farm near Howerter's Church, now owned (1911) by his son Aaron W. George learned the carpenters trade with his brother Abraham & followed it to some extent, helping to build the Old Stone Himmel's Lutheran & UCC Church in 1818. George's farm comprised 230 acres & he built thereon the first house and the barn now used by his son Aaron (1911), the latter being erected in 1841. George held the office of twp. supervisor & local election offices & was a Democrat in politics. They were later members of the Howerter Lutheran Church, where George was a trustee. Abraham was a native of Tulpehocken twp., Berks Co., Pa., this area included all lands drained by the Tulpehocken Creek & even land drained by branches of the Swatara River & in pioneer days the areas where present Lebanon to Reading and north to the Blue Mountains and sometimes even across this mountain into the valley in which Pine Grove, Schuylkill Co. is situated. The oldest records are in Lancaster, Pa. for what later became Dauphin Co. - Lebanon Co. & Berks Co. records began cal752 when old Chester & old Lancaster county boundries were altered to form or reform Chester - Berks - Northampton - Lancaster - York and Cumberland. After 1772 we get Northumberland Co. formed from land belonging to old Lancaster, old Berks & old Cumberland Cos., would now include towns of: Lebanon - Annville - Stouchberg - Newmanstown - Schaeffertown - Womelsdorf - Wernersville - W. Reading - Bernville - Shartlesville & Straustown.

It is believed he came to Penn twp., North'd. Co. (now Snyder Co.) before 1790; Snyder Co. formed 1855 from Union Co.; Union Co. formed 1813 from North'd. Co. & North'd. Co. formed 1772 from: Lancaster, Bedford & Berks Cos.

Attempts have been made to uncover the names of Simon's parents, to no avail, perhaps Simon is connected to Peter Snyder on p. IB-1?

■

John H. Snyder's Uncle Samuel G. Snyder of Cleveland, Ohio, found the following: Simon Snyder, came over on the ship "Earl of Fife" in 1741 from the city of Oppenheim, Germany, near Mannheim, on the Rhine River.

Lancaster Co. Hist. Society - Vol. 5, p. 93: The 1754 assessment includes Sampson Lazarus, Joseph Simon, opposite Simon Snyder, grandfather of Governor Simon Snyder on West King St., near Charlotte. And in Vol. 3, p. 165: a sketch of Joseph Simon, wife Rose Bunn, niece of Sampson Myere, located in Lancaster, Pa. in 1742, the house & lot he purchased soon after he located there was situate on the north side of West King St., adjoining the property of Simon & Anthony Snyder, short distance east of the old Plough Tavern. Fred Koppenhaver has the following remarks concerning the foregoing: I somewhat doubt the existence of a Simon Snyder, as the grandfather of Gov. Simon Snyder, what we really seem to talk about is that: Simon Snyder & his brother Anthony Snyder resided with their families right next to Mr. Joseph Simon, the merchant, shopkeeper, trade in Indian goods and supplies, hides, etc. & the financier for anyone that needed financial support to prevent foreclosure on properties that not only were in Lancaster, Pa., but outlying into North'd. Co., Cumberland Co., even into Ohio. The Snyders did likewise & became possessed of many tracts of land scattered far & wide, the source for some family litigations as the forebearers passed into eternity.

Vol. 30, p. 60 - "Riflemakers of Lancaster Co., Pa.: John, Henry, George & Adam Snyder represented several generations, they were in the Providence twp., this county, not far from Refton. It was from this family that Gov. Snyder, first Governor of Pa., came.

The following are possibly the children of the above Simon?

The following records have been contributed by Mrs. Samuel MacMullan (Ellen Snyder), Mrs. Ivar Blackberg, John H. Snyder of Richfield, Pa. & Fred Koppenhaver. The following may (or may not be?) be the son of Simon on p. IC-1:

CA - ANTHONY SNYDER b-11/ /1725 Plaenig, Palatinate, Germany, nr. Kreutznach.  
d-4/25/1774 Lancaster, Pa.

m cal750 Mrs. Maria Eliz. (Knippenberg) Kremer, widow,  
b-near Appenheim, Germany, d-4/25/1776, widow of either John or Peter Kremer/  
Kreamer. Ref: "The Story of Snyder Co., Pa." by Dunkelberger.  
m 2. Agnes (she is named as his wife in his will)

In appleton's "Cyclopaedia of American Biolg." (5 - Pick-Sumter) it is state that a Anthony, mechanic, emigrated to Pa. in 1758. In "Snyder Co., Pa. Pioneers" on p. 85, by Fisher, it states that Anthony was born in Germany & emigrated to this country cal740. He d-4/1774 Lancaster, Pa. In 1771 he was listed as a resident in the village of Manheim, Lanc. Co., Pa. Before the Revolution he secured a large tract of land in what is now Snyder Co. (Snyder Co. was named for his son Simon) and this land remained in his name or that of a son of the same name for a number of years. In "A Century and a Half of Pittsburg & her People" - p. 220, it states that Anthony, now of Pittsburg, Pa., was born in the town of Plaginy, Germany, in Nov. 1725, where he was reared in the Lutheran religious faith. He emigrated to America in 1744. In 1750 he married the widow Kremer, who d-4/25/1776, he d-1774. Upon reaching this country he settled at Lancaster, Pa. There was a Anthony Schneyder who arrived at Phila., Pa. 11/7/1741 on the ship "Snow Thane of Fife" from Rotterdam, last from Aberdeen, Scotland.

Tax List for Borough of Lancaster, Pa. 1773: Anthony, saddle tree maker & merchant, he may have engaged in merchandise for the Indian trade.

WILL - Book C, Vol. 1, p. 259 - made 4/15/1774, proved 5/17/1774 Lancaster, Pa. Anthony names his wife Agnes, a son John, son Simon & dau. Catharine, brother Simon, Philip Snider & appointed his brother Simon as his Executor. He was living at the time on King St., Lancaster, Pa. & had two adj. lots in Bethel Town with 1/2 acres of land adj., this house was willed to his son John. He had mills and lands in company with a George Graff & his brother Simon.

North'd. Co., Pa. Deed Book C - pp. 336, 337 etc.: Fred & Simon Snyder sold tracts of aldn located at Middle Creek & Penn Creek, Snyder Co., Pa. & their share of the Wiconisco Creek tract in Dauphin Co., Pa., to Simon Snyder of Penn twp., North'd. Co., Pa. on 8/28/1786.

North'd. Co., Pa. Deed Book C - p. 467 etc.: 10/16/1786 Simon Snyder of Penn twp., North'd. Co., Pa. & Catherine Bickham (formerly Catherine Snyder) of Penn twp., sold tracts of land to Philip Kremer of Reading, Berks Co., Pa. as per the last will & test. of Anthony Snyder in which Anthony of Lanc., Pa., names his (only) three children. Note: Fred Koppenhaver states that Anthony also had property in Penn twp., North'd. Co., Pa., which later split into Cumberland Co. and again later split into Snyder Co., Pa.

Children: "The Story of Snyder Co." by Dunkelberger & "Snyder Co. Pioneers":

CAA - John Snyder (1755-1787) m Mary Lechner p. IC-3  
CAB - Gov. Simon Snyder (1759-1819) m 1. Elizabeth Michael p. IC-17

CAC - Catherine Snyder b-10/12/1762 d- 1799

m 1. Jacob Bickhart  
m 2. Anthony Selins, Sr. (d-1792) he was founder of

Gen. George Washington in the Continental Army  
m 3. Charles Drumm b-1748, d-10/15/1811  
continued next page...

The following are the children of Catherine - IC-2:

1. Anthony C. Selin b-6/19/1789, d-11/3/1823  
m Mary C. Yoler b-8/19/1789, d-11/3/1868
2. Agnes Selin b-8/9/1791, d-2/21/1824  
m James K. Davis, Sr. b-1/17/1779, d-3/10/1847
- & possibly:
3. a dau. who m a Robert Swinford - ?

The following are thought to also be the children of Anthony & as they are not named in Anthony's will, it was no doubt because they were already deceased without issue:

--- - Peter Snyder b-9/16/1751, d-3/4/1752

--- - Rosina/Rosana Snyder b-7/3/1753

d-8/27/1763 - per John H. Snyder of Richfield, Pa.

There is a record of a Rosina Snyder who m a Jacob Lechner, the first postmaster of Selinsgrove, Pa. & a surveyor, who were the parents of - Dr. Henry A. Lechner who became the next practicing physician in Selinsgrove. This was cal835. Dr. Jacob Wegenseller was his Preceptor. He continued in practice until cal850. Henry b-1813, m Mary Fisher, dau. of John Fisher, the third son of John Adam Fisher, Sr. Ref: The Susq. & Juniata Valleys of Pa. - Vol. II, p. 1446. There are those who believe that Rosina was the dau. of Anthony (p. IC-2), but his will proves that she is not. In the aforementioned book, it was stated that Henry Lechner is a nephew of Gov. Simon Snyder, which would seem to be incorrect - per Anthony's will.

CAA - JOHN SNYDER b-11/15/1755 (eldest)son (of Anthony/Maria - IC-2)  
d-5/ /1787 Selinsgrove, Pa., killed when thrown by a horse.  
m Mary (maiden name possibly - Lechner), after  
John's death, she m 2. Jacob Kindig of Richfield, Pa. Ref: Snyder Co.  
Pioneers - p. 85.

Per John's father's will - John, upon reaching the age of 21, was to carry on his father's Saddle Tree making business under the direction of Anthony's wife, also to inherit Anthony's house & lot of ground on King St., in the Borough of Lanc., unless John did not want it, then it was to go to Anthony's son Simon when he became age 21 & if Simon did not want it, it was to be sold & any other part of Anthony's estate was to be shared by John with his brother Simon & sister Catharine. There was much litigation over Anthony's property.

"Snyder Co. (Pa.) Pioneers by Fisher - p. 85: "Black" John Snyder was a son of Anthony Snyder & a brother of Gov. Simon Snyder. He was born in Lanc. Co., Pa. & came to what is now Selinsgrove cal780, probably as a tenant or the owner of the land his father had owned. His brother (Gov.) Simon came to the same section in 1781. In 1781, John was taxed with 50 acres of land & personal property. On 7/26/1785, he bought the upper end of the Isle of Que at a Sheriff's sale. In 1787 he was taxed with 250 acres of land & personal property. The town of Selinsgrove is built on land once owned by John. He was b-11/15/1755 & d-5/1787 by being thrown from the back of a riding horse, he was a fancier of race horses. Sometime after his death his widow married Jacob Kindig/Kendig, a resident of Penn twp. John served as a Pvt. - Capt. John Gregor's Co. of Lanc. Co. Rangers and was adjutant of the 3rd Bn. of the Lanc. Co. Militia. Fred Koppenhaver states that John & his wife had a home in Lanc., Pa., but cal780 they removed to property he possessed located at Penns Creek, Snyder Co., Pa.

Deed Book C, p. 449 North'd. Co., Pa. confirms that on 2/23/1787 John Snyder, now ow Penn twp., North'd. Co., Pa., had a wife named Mary, when this couple sold tracts of land north of the Peter Weiser tract on the Isle of Que, Back Creek,

continued.... Penns Creek to Anthony Selin & Simon Snyder, merchants also of the same area.

From Meginess' Hist. of West Branch Valley": John, a short time before the Rev. overheard a British officer stationed at Lanc., Pa., make some very insulting remarks about the Americans. This angered John, then a lad of 19, he attacked the officer & flogged him soundly, he was later pursued by a number of British soldiers, with fixed bayonets whom he escaped. His name appears as a Pvt. 5th Class - 3rd Co. - 3rd Bn., Commanded by Lt. James Ross 4/15/1783 - Ref: Penna. Archives Vol., Series 5, pp. 265 & 323.

From "Early Wills & Adms. of Northumberland Co., Pa." by Fisher - ltr. of adm. for John Snyder to Mary Snyder, wife & Simon Snyder & John Miller. Suretors: Albright Swineford & George Ulrich.

(P135) March Term 1808 11/1809, on Trial List & Cont. 1/1810 on N.L. - Anthony Snyder, Mary Bear, late Mary Snyder, Daniel Rhoads & Susanna, hiw wife, late Susanna Snyder, Ed Atlee & Margaret his wife, late Margaret Snyder & Elizabeth Snyder - versus - Simon Snyder - P.25 11/1807 - In the Circuit Court March Term 1808 - Supreme Docket. From "Snyder Co. Pioneers" by Fisher, p. 86: Shortly after the death of Simon's father, he went to York to learn the tanning trade & currying business. He remained there until 1784, when he moved to what is now Selingsgrove. At an early age he began the study of law. When to came to Selingsgrove in 7/1784, he entered into partnership with his brother-in-law Maj. Anthony Selin, in the milling and store bus. & also acted as a public scrivener. Shortly thereafter he was appointed a justice of the peace & served for 12 yrs. In 1789, he was a member of the convention which framed the first constitution for the State of Pa., & in 1797, he was elected a member of the State Legislature. He was re-elected in 1802 and in 1804 & was Speaker of the House from 1802-5. In 1806, he was again elected to the Legislature & was again elected Speaker. He was a candidate for the Gov. in 1805, but was defeated. He was a candidate in 1808 & was elected. He was elected again in 1811 & 1814 & was the only man who ever served three terms in the Gov's. Chair in the State of Pa. After the expiration of his 3rd term, but shortly thereafter he was elected a State Senator. The state created an endowment fund which is used to keep his grave & monument in good condition. Gov. Snyder was a Pvt. - Capt. Rudolph Spengler's Co., York Co. Associators - 1776. In 1789, he was Capt. of a company in the 5th Battn. of the Northumberland Co., Pa. Militia & in 1794, he was a Major in the 3rd Regt. of the Militia of said county. Other accounts of Gov. Snyder can be found in the Ency. Americana, "The Story of Snyder Co." by Dunkelberger & Appleton's "Cyclopaedia of American Biog.".

in which he names his son-in-law John Schneider of Northumberland Co., Pa.,  
also see Record Book - Vol. 2-N, p. 10 for disposal of John Beitzel, Sr.'s

From the Publication of the Genealogical Society of Pa., Vol. 4, p. 326, an account  
can be found of this family. They moved to Middletown, Pa. 8/25/1775. Additional  
information can also be found in the First Moravian Church book York, Pa.

The book "Portrait & Biog. Records Berrien & Cass Cos., Mich." 1893, contains a  
sketch on this family & it states that the above John Schneider was "born in Ger-  
many & came to this country in the early 1700's, he settled in York Co., Pa. and  
followed the trade of weaver & died at the age of 88 years, he was a brother of  
Gov. Simon Snyder -(this is totally incorrect)- see Gov. Simon on p. IC-17." It  
is also incorrect that the above John was born in Germany.

The following record was found by John H. Snyder of Richfield, Pa. & he feels that this family could be connected to his ancestry - see Simon Snyder p. IC-1:

PETER SNYDER b- (of -  
d- cal765 per date of his will  
m 1. Donegal, Pa. - Mary L. Schneider, a born Jewess - per a record found by Fred Koppenhaver (see his family elsewhere in this book). From this record it could be assumed they were married in the Reformed Church.  
m 2. Catrin/Catharine \_\_\_\_\_ - she is named in his will.

Peter was originally a member of the Reformed Church of which he was an Elder, he later joined the Moravian Church at Milton Grove, Pa., where his land was bounded by Henry Snyder's land. Peter donated land to the Moravian Church when there was trouble between different factions.

WILL - Will Book C, Vol. 1, p. 58, Lancaster Co., Pa. - made 7/22/1765, probated 9/2/1765 by Henry Snider & Abraham Fredrick - Mt. Joy twp. - he names his wife as Catrin & a son Peter Snyder, and a step-son George Goodlib, and names Philip Shoemaker of Rulphis twp. & his wife Catrin as Executors.

So it would seem that Peter had only one son, or child, that reached his majority, the following Peter was found & could possibly be that son:

1. John Snyder (4) b- cal815 Va.

d-

m Lucinda Hensley b-cal818 Va., of Albemarle Co., Va., of Cedar & Winnie Ann (Thompson) Hensley. They were listed in the 1850 Randolph Co., W.Va. census & John Mother Catherine was listed with him. John had many narrow escapes during the Civil War - once a large force of confederates crossed into Dry Fork with orders to "find John Snyder & kill him" - his escape was due to an accident. On another occasion he was shot by bushwhackers who had waylaid him. A Confederate newspaper published a sonnet in celebration of the attempt to murder him beginning with these lines "The Dixie

continued...boys have right smart sense, they shot John Snyder through the fence". John was a staunch Union man. On another occasion in 1862, at the time of Imboden's first raid at St. George, Snyder met the Confederates in the road near that village & the fight he gave them received a special mention in Imboden's report of his expedition. Snyder escaped through a laurel thicket. It was on that occasion that Jane Snyder, his daughter, performed the perilous ride in the night down Dry Fork to notify the Union outpost at Abraham Parson's mill where the town of Parsons now stands, that Imboden was coming. She saved the outpost from capture & probably also saved the railroad at Rowlesburg from destruction; for the Confederates were striking from that point. Jane Snyder's midnight ride through the mountains has often been misrepresented, both in prose & verse. The facts are Imboden did not pass down Dry Fork, but went through the wilderness over the Alleghenies to the head of Glady Fork, cutting a path & passed down Glady to Dry Fork. Jane Snyder learned from a spy that the Rebels were in the woods on some mysterious expedition & she correctly surmised their purpose. Her father had gone to St. George the preceding day & it was more to save him than to notify the Federal posts that she hastened down Dry Fork to give the alarm. She outrode the Confederates & passed the mouth of Glady Fork where that stream empties into Dry Fork before they reached that point. Thus she was ahead of them & gave warning of their approach. A peculiar coincidence occurred that night as she approached the Federal pickets at Parsons' Mill. The password that night just happened to be "Jane Snyder" & it had been selected by chance. When she approached the pickets & was challenged she replied "Jane Snyder" & they supposed it was someone with the countersign - but it was only an accident. Among the celebrations of the event was the verse "The Midnight Ride of Jane Snyder" - for a copy of this verse written to Mrs. Kathleen Olson, RR 1, Box 136, Gillett, Wisc. 54124 who sent this author a copy. The following from - Lewiston Morning Tribune, Idaho: The disch. papers of Henry Snyder, signed by Adj. F. P. Pierpoint, who later became the 2nd Gov. of W.Va., showed Henry as a member of the Independent Order of Scouts, comm. by the state but paid, clothed & fed by the U.S. Gov't. Scouts did not partake in major engagements but were involved in guerilla warfare among the neighbors of opposite sympathy, his only injury was sustained in Pendleton Co., near the Harman Hills sector, the scouts were skirmishing against the southern soldiers, Henry was afoot when a horse bolted with the rider & its sharp-shod hoof splintered & Henry carried the injury the rest of his life, he had to then walk with a cane. He served with the Union forces for only a few months & most of that time was taken up with patrolling & an occasional light skirmish. He was disch. 4/15/1865. In 1895 he moved to FordCreek country, near Orofino, Idaho, homesteaded and farmed until 1915 when his wife passed away. He later moved to Clarkston, Wn. - 1936, to live with his dau. Grace. Hans/John emigrated from Switzerland sometime prior to 1717, he settled in the Oley Tract of Philadelphia Co., Pa. - later Berks Co., where he did farming & had a grist mill.

WARRANT - Book of Proprietary Warrants - Abstracts p. 157, No. 5, K. & A. F. indicates that Hans/Johannes settled "at Oley" under Warrant on 11/26/1717 - 200 acres Oley twp., No. 2333 Book "Phila. Old Rights." The survey dated 6/28/1729, returned on this warrant called "for 319 acres which amount was patented to Hans Snider 6/3/1734 - Patent Book A, Vol. 6, p. 334.

Patent Book A 6-334 - near Oley, County of Phila. 4/6/1734, Recorded 6/13/1734 - John & Thomas & Richard Penn to - Hans Snyder, surveyed in Oley the 9th day of May, 1733, the quantity of 349 acres & he having paid for the whole tract. The return for so much is accepted & the said quantity patented to Hans Snider the 5th day of June, 1734 - D70-167, D70-169, D78-54, 2333 P.O.R. At the request of Hans Snyder, now of Germantown, that we would grant him to take up at or near Oley in this Province, the quantity of 200 acres for which he agrees to pay the prop. use 425 lbs. of money.

WARRANT 11/10/1738, called for 125 acres & allowance adj. the first tract (No. 29, Phila. Warrant Register). It was surveyed, but the patent issued as per recital there on for both the tracts to the warrantee's sons John Jacob & Henry Snider, 6/3/1765 - Patent Book AA, Vol. 6, p. 329, the warrantee having died "in Oley on 7/9/1743".

Hans was a man of energy & thrift. When he died he divided his large holdings of land among his three sons - John Jacob - Peter - & John Henry. William Koch Cleaver (who later lived on the homestead, his wife having inherited the beautiful estate) stated that Johannes Schneider gave the land on the south of the road (now the "Oley turnpike" - one of the most charming stretches of landscape and pastoral thrift in the U.S.A.) to his son Peter. On the north side, known as the Gheer farm, went to his sons John Jacob & John Henry. It is on the Gheer farm where the Oley Snyder burial ground is located.

 Johannes & Katrina (Moyer) Keim, Sr., of the Palatinate, Germany, they came  
 to Pa. cal707 & located at Oley.

Henry took the "Oath of Allegiance" - Supreme Ct. of Pa. - Phila. 1743.  
 The official list of foreigners who took the "Oath of Allegiance" to  
 the Province (which meant practically every person not a British sub-  
 ject) gives 155 persons of the name "Schneider" and 37 of the name  
 "Snyder". This list was started cal727, therefore - Hans/Johannes  
 (father of the above) did not have to take this oath, as he had ar-  
 rived sometime prior to 1717 when the oath was not required.  
 The only printing press ever constructed in Berks Co., Pa. was designed &  
 made by John & Jacob Snyder & Francis Ritter in 1796 near the Oley line.  
 Francis Ritter (1776-1852). Daniel & Jacob Ritter married daus. of Benja-  
 min Snyder - see NC.

They immigrated to Ulster Co., N.Y. about March, 1723 & settled at New Paltz where they remained for some time, then moved to Kingston (now Saugerties) in the neighborhood known to this day by the name of Churchland & there they settled after the German manner in a small cluster of seven families near a small stream by the name of Mud Kill, later separating & settling on separate farms.

The following certificate of character was brought by Martin Schneider when he emigrated to America" I certify that Martin Schneider from Kished, his

continued....wife & two children, from the gov't. of Hackenberg, in the church district of Flounders felt wanted to go to America & Kickenberg enquired as to his standing in society: It was proven to be of good moral character & he secured some assistance in his passage. The Prima Kerckberg granted him full power to go. Whereunto he has caused his seal to be affixed & signed in his own handwriting in Swenenberg, 3/26/1726 - I, D. L. Griek-holf. Ref: OLDE ULSTER Vol. I, pp 28 & 29.

Martin helped to organize the Kaatsbaan Church near Saugerties, N.Y.

It is thought that Martin could be connected in some way to Johann Wilhelm Schneider - see p. ID-53...

They were members of the Kaatsbaan Church, Saugerties, where all of their children were baptized. Jeremiah was captured by the Indians & Tories, along with two of his sons - Elias & Ephraim (who was lame) in 1780. They let Ephraim return home before going very far because of his being lame & he was only 9 yrs. old at the time. But they took Jeremiah & Elias (age 18y) to Canada, where they were imprisoned for 2½ yrs., when they finally escaped & got back home. Then Jeremiah got his family back together and rebuilt his home (the Indians & Tories had burned everything when they were captured). Then cal791 Jeremiah moved to Rensselaer Wyck.

The following families may be the sons of:

JACOB SCHNEIDER b- cal625 Hackenberg, Germany. Jacob, with his family, joined the Palatine emigration of 12,000 in 1709 down the Rhine River - Holland. Queen Ann accepted three of his sons: Jacob (see p. ID-57) - Heinrich - see ID-47) - and Dietrick (ID-4) - as they were Lutherans & only poor Protestants were allowed to leave for America. They arrived 6/13/1710 on the ship "Lyon" at Nutter's Island (later Gov. Island) which at that time was part of Canada.

The records of the West Camp Lutheran Church, Ulster Co., N.Y. - Rev. Kocherthal from "Book of Names" by L. MacWethy, show that Anna Maria was a sponsor several times for baptisms as follows: 2/1/1719 Philipp Schmid b-12/23, son of Philip & Anna Margretha Schmid - on 7/28/1712 Johann Philipp b-7/26, child of Johann Philipp & Anna Catharina Finckel - on 2/1/1719 Veronica Esswein, child of Jacob Esswein.

Dietrich (his name was spelled Diderig Schniter) his wife & six (6) children embarked 7/27, sailed 7/28/1709 - they had come from Graftshafte, Hackenburg or Hachenburg, Germany with the Palatines who fled down the Rhine River in 1709-10 to Holland, they were given refuge in England & later sailed to America, where they were transported to the Hudson River tar camps & were set on their own in 1712.

The following family data has been contributed to by several researchers: Dr. Elgin Kintner of Box K, Maryville, Tn. 37801; R. Gladstone Snyder of Lahmansville, W. Va.; both of whom are descendants of Jacob on p. ID-60.

K - JACOB SCHNEIDER b- 16\_\_ prob. Germany (of - ?Jacob b-1625 Hackenberg, Germany)see ID-3)

m Anna Barbara - her maiden name may have been Engel?

Jacob resided in the Lower Palatinate on the west bank of the Rhine River in southwestern Germany. With his wife & son Christopher, he came to America, arriving in New York June, 1710 on the ship "Lyon" - possibly from Hackenburgh, Germany. This Jacob could be one of three brothers who sailed on 7/28/1709 from New Ausberg for America as follows: Johann Schneider with wife & children - Heinrich Schneider with wife Anna & two children and Jacob Schneider, wife Anna Barbara & three children. This Jacob & his family could be in the group that tramped through the snow in Sept. 1712 - Ref: "Early Palatine Emigration" by Walter Knittles - p. 88 & 89.

Gladstone Snyder (p. ID-72) got the following from Latter Day Saints Lib., S.L.C., Utah, & thinks the following Jacob could be a son of the Jacob b-1726 - p.ID-58, or related to him in someway:

K - JACOB SNYDER b- about 1755 Albany Co., N.Y.  
d-

m

Catharine Amelia Voorman

The following is the ancestry of Gladstone Snyder & he believes he is descended from Jacob Snyder (K) on p. ID-57. Gladstone remembers his grandmother speaking about the Wederwax/Witterwachs which leads him to believe he is descended from Jacob on ID-57. However, there is a story that has passed down through his family that there were five Snyder brothers that came from Germany, their father was a miller & was killed when his dau. fell in the mill race. In the struggle, the dau. was saved, but the father went over the wheel & was killed. The five bros. settled as follows - two in Pa., two in Indiana & one - Jacob 1760-1841, settled in Va. - now W.Va. The following is the history of Jacob 1760-1841 & Gladstone's family:

JACOB SNYDER b- cal1760/70 (of - ? same as above??)  
d- 1841 per date on will - Hardy Co., W.Va.

m

Catharine

They resided at Big Cove & Lost River, Grant Co., W.Va. & Hardy Co., W.Va. Gladstone Snyder has done much research on this family & has several deeds concerning Jacob & Catharine, please write to him for further details. Dr. Elgin Kintner (p. ID-61) is also a desc. of this family & has sent much detail on them for this book - please write to him also. WILL - WB 7, p. 198-9 - 8/2/1841.
